# TAPER BITS

BC Saw & Tool proudly carries Onsrud brand taper tools. These cutters are made of premium micro-grain carbide and are available in a variety of sizes, lengths, and angles.

The tools are available with a ball nose tip giving them the flexibility to cut draft angles in molds to 3D decorative profiles. The cutting geometry will allow them to cut a variety of materials and produce a good edge finish.

Custom tools can be made upon request.

- **Multiple Taper Angles**
- **Works in a Variety of Materials**
- **Clean Edge Finish**
